

Family Bingo (Lotería)

“Against the Wind”

The “Against the Wind” bingo is a family game that is fun to play, but also teaches preventative steps that the family can take when there is an alert for a hurricane or strong storm.

Each bingo board shows images of preventative actions. Also, the game cards have messages that can be read and discussed with children.

What you need in order to play:

- 2 – 4 players
- 2 – 4 boards
- Enough markers to place over all of the spaces on the boards. These markers can be beans, pebbles, coins, or corn. (Be careful with these items if there are children younger than 4 years old.)
- The card deck (25 game cards).

How to play “Against the Wind”:

1. Place the card deck face down in the middle of the table.
2. Taking turns, a player will pick up the card on the top of the deck and read or describe the image.
3. All players will look over their bingo board and see if they have the image on the card.
4. If they have it, they will cover the matching image with a marker.
5. There are two ways to play:

Option #1:

The first person that covers all of the pictures on their board yells “Bingo” and is the winner.

Option #2:

When a player has all of the images covered in a vertical, horizontal, or diagonal line they are a winner and need to yell “Bingo”.
